Email PA Lawmakers Today

Help us! Tell the General Assembly and Governor Shapiro that they must **FIX CHILD CARE** in the 2024-2025 state budget!

The child care crisis is caused by unlivable wages. Pennsylvania lawmakers can fix this by tackling the child care teacher shortage head-on. They must establish and fund a program that will help providers better recruit and retain their staff.

Invite your families and colleagues to take action at:

KID CRAFTS + ADVOCACY: Set sail for summer

4 Floatable Sailboats to make with 2-5-year-olds

1-Bottle cap sailboat

Projects culled from the web by Eleanor Levie, Volunteer advocate for SEPECC, representing the National Council of Jewish Women

Contact me: EleanorLevie@gmail.com if you have questions, and to share photos of kids at work and play.

2- Milk carton sailboat

3- Egg carton sailboat

4- Sponge sailboat

Pair **ADVOCACY** with kid-craft sailboats

Send sailboats home with a message for families:

**We provide the quality childcare to help *launch* your kids
into a successful start to school and life.**

Tell your legislators to fund us with a *boatload* of money in the budget.

**Providing quality childcare isn't always *smooth sailing*.
It's hard work, and we deserve wages to allow us to stay in the
business and thrive. Help us get the pay we need and deserve.**

Email legislators with photos and messages

We're in a childcare crisis. I need funding to stay in business and ensure that my teachers, my families, and I can earn the wages we all need to navigate our own lives and thrive.

**Encourage more interested individuals to set sail
in the early childhood workplace.**

Get talented, experienced teachers to stay the course.

How? Add the significant funding for competitive wages and benefits our industry needs for hiring & retention.
